Subject: Verizon Cell Tower approval

Dear Mayor Rosenberg,

We respectfully request an appeal of the City of Santa Clara Planning Commission's decision at its meeting on June 14th, 2016 regarding the approval of the conditional use permit request for construction of a new Verizon wireless cellular tower facility. We request this appeal for the reasons stated in our earlier email to you on this date. Affected residents were not given sufficient due process because our request for a hearing was denied. Further, we argue that Verizon has not shown that a reasonable effort was made to place the tower in a location which best minimizes the impact on all residential communities. Nor has Verizon shown that it has performed any impact studies on the Santa Clara river and the migratory bird community.

We are in the process of forming a coalition of residential owners who are opposed to this cell tower. There are a number of neighbors who are in agreement on this issue. We plan on submitting to you a signed protest letter in the near future.

Thank you for your consideration of our request.

Mary Beth and Bruce Sposi
