Staff Report: 12" Water line extension and asphalt improvement on North Town Road.

Staff reported in the last work meeting that the city needs to extend the 12" water line on North Town Road to the west 270 feet from Paradise Phase 6 to tie into the existing 12" water line just west of the Kingdom Hall. The city also would like to replace the chip seal with 3" of asphalt in that same 270 feet while Paradise phase 6 is excavating in North Town Road doing the same.

Its staff recommendation to approve JP Excavation to complete this work for a total of \$59,584.00
