Subject: Purchase a Utility Vehicle

Dear Council,

The Parks and Recreation Department is requesting the approval to purchase a gas powered utility vehicle to replace our 2004 Kubota RTV that has a blown head gasket. We have spent several thousand dollars to try to maintain the Kubota money pit over the past 2 years. The cost to rebuild the Kubota engine is \$4,500. Staff recommends to condemn the Kubota and purchase a small gas powered Club Car with a utility bed for \$8,900. The Club Car comes with a 3 year warranty.

Respectfully,

Brad Hays
