

## Contractor's Statement of Responsibility

Each contractor responsible for the construction or fabrication of a seismic system or seismic component designated in the Quality Assurance Plan must submit a Statement of Responsibility (IBC 1706.1).

Project: \_\_\_\_\_

Contractor's Name: \_\_\_\_\_

Address: \_\_\_\_\_

License No.: \_\_\_\_\_

Description of designated building seismic systems and seismic components included in the Statement of Responsibility:

---

---

---

Contractor's Acknowledgment of Statement of Special Inspections:

I hereby acknowledge that I have received, read, and understand the Statement of Special Inspection program (IBC 1705).

I hereby acknowledge that control will be exercised to obtain conformance with the construction documents approved by the Building Official.

Contractor's Provisions for Quality Control

Job site safety and means and methods of construction are solely the responsibility of the contractor.

Procedures for exercising control within the contractor's organization, the method and frequency of reporting and the distribution of reports are the responsibility of the General Contractor.

Identification and qualifications of the person(s) exercising such control and their position(s) in the organization are the responsibility of the General Contractor.
