Instructions for First Time Users

**STEP 1:** Go to www.xpressbillpay.com

You probably arrived here via a link from your billing organization’s website. Perhaps you are here because you received a mailer with your bill informing you that this new service is available to facilitate the payment of a bill online.

Whatever the reason, this instruction set is designed to help you create a secure login, link a bill for display each time you login, and walk you through the payment process. Other features are available, including auto pay, bill history, payment history, etc. These additional features are covered in other documents.

Let’s begin by selecting the “SIGN UP” button at the top of the screen on our main Home Page. You will be presented with the following screen.
**STEP 2: Set Up New Account Information**

Fill in the **email address** and **password** fields, click in the box “I'm not a robot” and follow the instructions as prompted. Select “NEXT” to continue.

Fill in the form with all of the required information. Read the terms and conditions and the privacy policy. Select the box indicating that you have read and agree to the terms and conditions and privacy policy. When completed select “NEXT.”
**STEP 3: Secure Verification**

In the email, click the **“Verify Email” option.**

You will automatically be redirected to the screen below where you can click **“CONTINUE”** to log in.
**STEP 4: Locate Billing Organization**

Xpress Bill Pay provides you the ability to view and pay bills to multiple billing organizations from an easy-to-use interface. You need to link your account with the billing organization to this new login you have created with Xpress Bill Pay. The following steps will need to be completed only once per account.

Select your city or billing organization from the list of organizations on the page.

If your organization is not listed, type the name in the field below “Find your billing organization” and select “Search.”
STEP 5: Locate Account

Enter the requested information on the “Add New Account” screen. You are required to have your billing account number and enter your last name or business name as it appears on the bill. You can find your account number on a bill that you have previously received. Select “Locate Account.”

When the account is located, the information concerning the account is displayed. Please verify that your information is correct.

Select “Add New Account” if the account information matches. Select “Back” if it does not. If you receive any other message when you perform the account search, reference the error and contact your billing organization if a bill is not found.

STEP 6: Manage Accounts

You have now successfully linked your first account to your new login. If you would like to set up an Auto Pay for this account, select “Set up Auto Pay.” If not, click, “Not Now,” and you will be taken back to your main account page. You will be able to set up an Auto Pay at any time. As you add more accounts, they will all be listed on your “Accounts” page.

If you have other organizations that you want to link, select “Add Accounts” and follow the previous steps. To begin paying a bill, select “PAY” and you will be taken to the cart checkout.
