I love September; it means cooler temperatures, high school football, playoff run baseball, hunting season and of course Swiss Days. The City is anxious for another fun-filled program and celebration of our community heritage this month. There is a schedule of the planned events and entertainment in this newsletter. The venues offer a family friendly environment with something for every age group. From kid’s games, to live entertainment, great food, the best parade in Southern Utah in the downtown, the 5k run, craft vendors, the car show; whatever your interest is, there is an event just for you. Someone even promised a pie eating contest featuring the Mayor and City Council. The City Staff has promised even more candy this year for the parade, so be sure to wave when the City Council comes by.

The primary election is in our rearview mirror and the general election is coming up fast. The mail in ballots produced a much higher voting percentage with very few problems. Congratulations to the six candidates moving forward including former Mayor Denny Drake, Leina Mathis, incumbent Councilman Jarrett Waite, Ryan Anderson, Logan Blake and Gary Allred. Thanks to all the citizens who exercised their right to vote in the primary election. Let’s get even more people out to vote in the general election.

Work is progressing on the Chapel Street Bridge Project. The contractor recently poured the concrete abutments and bent structure and is working to install the erosion protection, roadway grading and utilities. The steel beams are due for delivery in October and we are hopeful the project will be completed ahead of schedule. The Rhone Subdivision in the valley was completed last month as well and is offering large custom home lots for sale. The City Council approved ordinances to provide secondary (irrigation) water service to lots in the Rhone Subdivision and are working to establish standards and rates to provide this service where available to other new development projects in the City and eventually to existing developed properties as well. By converting residential and commercial outdoor irrigation water use from culinary water to secondary irrigation water, the City can reduce the amount of expensive culinary water we purchase from non-City owned water sources. It’s an important way to help conserve our limited culinary water resources and maintain water costs within the community.

I anticipate the Planning Commission and City Council will be discussing a new development proposal located at the intersection of Santa Clara Drive and Lava Flow Drive in the next few months. This project is at a critical location near the entrance to the City from St. George and several different variations of a mixed commercial and residential development have been discussed in the past. Interested residents should follow upcoming meeting agendas on the City website, https://sccity.org, to learn more about any new proposals.

Have a great September Santa Clara, I hope to see you at Swiss Days and please stay safe.

SANTA CLARA SWISS DAYS COMMUNITY DINNER & MORE!
The Swiss Days Community Dinner will be held Thursday September 26 from 5—7 p.m. on the East lawn at Town Hall. Dinner will include grilled hamburgers, hotdogs and sides including baked beans, salad, chips and dessert. Dinner tickets are $6 and available at the City Office in advance or can be purchased at the dinner. Music will be provided by Casey Lofthouse so be sure to come enjoy a fun evening with family, friends, yummy food and great entertainment! Hope to see you there!

The Opening Ceremony under the big tent will include Flag Ceremony, introductions of the Grand Marshal, Volunteer of the Year, and our Santa Clara Royalty. Museum open in the Town Hall basement and Historical Society Silent Auction in the Banquet Room, 5—7pm. This is the start of a great Swiss Days weekend!

See enclosed Swiss Days insert for full schedule of events and highlights. Swiss Days forms and information can also be found on the city website at www.sccity.org.
SANTA CLARA CITY STORM WATER PROTECTION NOTICE

Sometimes it can go unnoticed, but most of the time we are aware that our automobile has some type of fluid leak. If your vehicle is leaking some type of fluid, don’t park on the street. Put some type of drip pan underneath your vehicle to catch the fluid while parked in your driveway. This fluid can be discarded at a local auto parts store at no cost to you. Vehicles parked on the street with fluid leaks after a rain event will allow that leaking fluid to enter straight into the city storm water drainage system. The fluid then ends up in our lakes, rivers and, streams. We can all help to keep our water ways clean!

To report spills, illegal dumping, or other violations to the City Storm Water System please call (435) 656-4690. You can also contact the Dixie Clean Storm Water Coalition HOT LINE at (435) 634-5730.

LEARN CPR by Santa Clara-Ivins Fire Rescue

Why is CPR Training Important?

You can save a life – with 88% of cardiac arrests occurring in the home, chances are learning CPR can help you save a spouse, child, parent or loved one.

You can help prevent unnecessary deaths – CPR provided immediately after sudden cardiac arrest can double or even triple a victim’s chance of surviving such an event.

CPR training prepares you for a variety of emergency situations – CPR classes can arm you with the skills and training necessary to assist someone who is drowning, suffocating, or choking. A CPR training class gives you the skills to help you to respond effectively to a multitude of medical emergencies.

Any CPR is better than no CPR – attempting to provide resuscitation is better than not attempting at all.

For more information on CPR classes available contact Santa Clara – Ivins Fire Rescue at ctaschuk@sccity.org

Please remember that city ordinance requires your dogs to have a current rabies vaccination and have city dog license. If you have recently moved in to Santa Clara and have a dog please stop by the City Office to license your dog. The annual license fee is $10 if your dog is spayed or neutered and $20 if not fixed. Santa Clara ordinance allows a maximum of 4 dogs per household and does not allow for a kennel license. Thank you for making sure your dog is vaccinated and licensed with the city.
